It is recognized that an area of responsibility must be reserved to the Board if County government is to serve the public effectively. Except to the extent expressly abridged a specific provision of this agreement, it is recognized that the responsibilities of management are exclusively functions to be exercised by the Board and are not subject to negotiation or other grievance procedure. By way of illustration and not of limitation the following are listed as such management functions:

1. The determination of the governmental services to be rendered to the citizens of Lincoln County.
2. The determination of the board's financial, budgetary, accounting and organization policies and procedures.
3. The continuous overseeing of personnel policies, procedures and programs promulgated under any ordinance or administrative order of the board establishing personnel rules and regulations not inconsistent with any other term of this Agreement.
4. The management and direction of the work force including, but not limited to, the right to determine the methods, processes and manner of performing work; the determination of the duties and qualifications to be assigned or required and the determination of job classifications; the right to hire, promote, transfer and retain employees; the right to lay off for lack of work or funds; the right to abolish positions or reorganize the departments or divisions; the right to determine priority of work; the rights to purchase, dispose and assign equipment or supplies; the right to contract or subcontract any work.

This Article shall not preclude LCEA and the Board from either (1) meeting during the period of the contract at the request of either party to discuss procedures for avoiding grievances and other problems and for generally improving relations between the parties or (2) negotiating on any matter during the open negotiation period before termination as provided in Article 19.

ARTICLE 3

LCEA ROADS MEMBERSHIP AND DUES CHECKOFF

1. Membership or non-membership in the Association shall be the individual choice of employees within the bargaining unit. The Association and the County shall continue the current practice of providing new employees with the opportunity of expressing the individual's choice for membership or non-membership in the Association.
2. The effective date of dues payment shall be the first paycheck. In the event a member asks the County Personnel Department in writing to be removed from the Association, the County Personnel Department shall promptly notify the Association President, and the County shall cease deduction of dues starting with the next paycheck after receipt of notice from the member. In the event a member asks the Association, through one of its officers, in writing, to be removed from the Association, the County shall cease deduction of dues starting with the next paycheck after receipt of notice from the Association.
3. The Association will provide the County with written documentation from each employee of the Association who elects to be a member. The County will deduct LCEA dues from the wages of the employees, subject to the provisions of this contract. The LCEA will indemnify, defend and hold the County harmless against any claims made or any suit instituted against the County on account of any payroll deduction or LCEA. LCEA will refund to the County any amount paid to it in error.
4. The aggregate deductions of all employees shall be remitted together with an itemized statement to LCEA by the 10th of the succeeding month after such deductions are made.
5. When a newly hired or appointed employee within the Association bargaining unit is provided orientation by the County to the employee's new position, an Association representative will be allowed up to 30 minutes, but not more than 120, to welcome the employee to the County and to review membership in the Association.

ARTICLE 4
SENIORITY

1. Seniority shall be defined as meaning an employee's length of continuous service with the LCEA Roads Bargaining Unit since the employee's last date of hire into the Unit. For purposes of this Article, continuous service shall be service unbroken by separation from service within the Unit other than leave protected by law, vacation, or sick leave. For the purpose of this Article, the time during an employee's authorized leave or during a layoff shall count as continuous service. Notwithstanding, authorized, unpaid leaves of absence in excess of 16 working days will not break continuous service, but will not add to the employee's seniority.
2. In the event that it becomes necessary to lay off employees for any reason, the employees shall be laid off in the inverse order of their seniority, as provided in Paragraph (3) below. Employees shall also be called back from layoff according to their seniority for a period not to exceed 18 months from the date of layoff. No new employees shall be hired until all employees on layoff status have been provided a reasonable opportunity to return to work. Laid off employees are responsible for providing a current address to the Department Head. An employee who is recalled shall report at the time and place specified by the Road Department. Upon notice of recall, the laid off employee shall have 5 working days to notify the Road Department of acceptance or rejection of the recall. If the employee accepts the recall, the employee must be able to report for work within 15 calendar days, as directed by the Road Department. The failure to report within these time lines or the rejection of an offered position or recall shall cause the employee to forfeit all future recall rights.
3. When an employee is laid off due to a reduction in work, the employee shall be permitted to exercise the seniority right to bump (replace an employee with less seniority) the employee with the least seniority within that job classification. In the event all employees within a job classification are laid off, they may bump an equal number of employees in lower paid classification within the Road Department who have the least seniority, provided the bumping employee is qualified to perform the work of the bumped employee.

Any employee who is bumped shall have the right to bump the least senior employee in a lower paid classification within the employee's department, provided the employee is qualified to perform the work of the employee bumped. The Road Department shall make the final determination of performance capabilities in regard to this Article.
